

## IMPROVEMENTS OR MODIFICATIONS

This asks programs to follow up and describe completed action plans, modifications, or improvements made by the program. This is an opportunity for programs to tell their story and connect the dots between the student learning outcome, assessment results that prompted action, and the modifications that were made. The program should outline and determine the impact of their changes on student learning.

### How to Document Improvements or Modifications

The documentation should address the following areas:

- a. Why were the changes made? (e.g., the student learning outcome and the information that prompted action)
- b. What changes were made during the year or in previous years that impacted student learning?
- c. What impact did this have on student learning?
