through discussion among

faculty. This is an opportunity to review student learning data and make decisions as a program.

How to Use Results and Create Action Plans

The Use of Results and Action Plansshould address the following questions:

- a. How is assessment information about the quality of learning shared and used for program decision making in areas such as curriculum, pedagogy, and other aspects that impact learning?
- b. What actions do the results suggest need to be implemented?
- c. What concrete actions will the program take to sustain or improve this outcome? What is the timeframe of these actions?

Meets Standard Criteria on Academic Assessment Rubric:

☑ Action plans are developed directly from results and are aligned with the outcome; actions are intended to modify course, program, tea ching methods, curriculum, etc. to improve student learning; as necessary, actions are intended to improve assessment strategies
