EQUAL OPPORTUNITY STATEMENT

CRIMINAL BACKGROUND INVESTIGATION

The university requires a criminal conviction investigation to be conducted prior to employment for all classified and wage positions. The State Police will run a computer search through the Virginia Criminal Information Network.

If convictions are found, the Department of Human Resources, in consultation with the hiring department, will determine if the conviction is sufficiently job-related to prevent the person from being employed with the university.

The Commonwealth of Virginia Application for Employment requires an applicant to furnish information on all convictions for law violations including traffic violations. Applicants may be denied employment if they falsify their application and/or did not provide the information. Any applicant refusing to sign the release for a criminal background investigation will not be employed.
